

## CACHOPO ORGANIC BLACK ONION

Our **ORGANIC** fresh onion, is submitted to a fermentation process without any additives, preservatives or any other ingredients, and they do not intervene either bacteria or yeasts, obtaining, as final result, a product black in colour with a sweet flavor and balsamic. More digestive than fresh onion.

We use ORGANIC shallot onions (*Allium ascalonicum*) very esteemed for the traditional and high cuisine for its delicate and aromatic flavour.

**Ingredients:** ORGANIC Spanish shallot onion

Product available all year round.
